

## Gamers Club Ages 5+

Discovery through play for children is the most powerful cognitive and social learning tools. Building these skills in children and youth with various needs, will maximize their capacity for positive interactions and overall recreational and social engagement. Our **Gamers Club** program was developed by our team of Recreation Therapists to create an opportunity for social skills, critical thinking, attention and focus and peer to peer interaction through various games (old and new) and to encourage in multi-sensory discovery!

This program is run by our skilled Recreation Therapist(s).

Recreation Therapist to Participant Ratio is 1:5
