

September 6, 2013

Kinark Child and Family Services Vanier Program have been fortunate to receive service from Recreational Respite over the last year. Amy MacFarlane and her team demonstrate professionalism and compassion while working with our clients (youth struggling with mental health) to meet their treatment goals. As the Social Worker at the Vanier Program, having Recreational Respite as a resource for my clients has been invaluable and I would continue to use this program as the need arises.

Sincerley,
Breanna
