Just for Kids!

Discovery of Needs:

Recreational Respite will complete a non-medical discovery of needs that will help identify and define a child's needs, abilities, strengths and recreational interests. We then design and include an individualized therapeutic program that considers these aspects. We will also include **one hour of implementation** of this program design with our team member.

Total: \$135.00+HST

Please note: the discovery of needs is a one time process and it is not mandatory that the client continue with ongoing implementation of hours thereafter the discovery is complete.

Program Implementation:

Our clients and their families can choose to have our team member implement the initial program design ongoing per hour at:

\$32.50/hour +HST
