

RecreACTIVE!

Therapeutic Recreation Programs

Town Hall Meeting

You are invited to attend an interactive Town Hall meeting to discuss a new group program in The Blue Mountains for individuals with various special needs:
Children, Youth and Adults (18+).

Recreational Respite would like to offer group based therapeutic recreation programs, which we call ReCreACTIVE. Our team has the ability to help individualize the goals and objectives for each participant, while creating a unique 'leisure and learn' model that proves both recreational and educational benefits in a supportive environment. The program will create a unique opportunity to engage with others who have similar abilities, strengths and interests, increase abilities, promote self worth and role, peer to peer support and continue to be actively engaged in the community.
